Homeopathic clinical cases reports and collection: a necessity to assess the effectiveness* of homeopathy

improve homepathic research/improve homeopathy

- Guidelines

- publication of clinical cases of quality
- cases collection projects

- platforms

Homeopathic clinical cases reports and collection: a necessity to assess the effectiveness of homeopathy

-HOM-CASE CARE Guideline: quality criteria

(Robbert van Haselen)

-Identification of “best homeopathic cases”: registration project in the Netherlands

(Christien Klein-Laansma)

-CCDHom: Barcelona project for quality cases and collection *(Anna Pla)*

Homeopathic clinical cases reports and collection: a necessity to assess the effectiveness of homeopathy

- CliFiCol: the tool and first results of cases investigation *(Carlo Rezzani)*

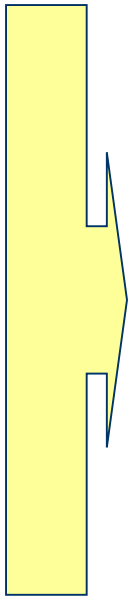

- Collection and analysis of a large set of clinical cases (Vithoulkas Compass) *(Theodore Lilas – Lefteris Tapakis)*

Homeopathic clinical cases reports and collection: a necessity to assess the efectiveness of homeopathy

H2020 (roadmap)

Working group on availability of hom. Remedies Document (SC-Pharmacy+SC-Provings)

SC-Research

a priority for ECH

ECH –Vienna Congress Nov16

174 lectures-) **22 cases reports**

7 conferences about criteria of quality, projects of collection and analysis of clinical cases, platforms of databases, etc..

SC-RESEARCH

CONCLUSSION

Publication and colection of clinical cases of quality is a priority to document + EVIDENCE from "real life" and (but not only) as first step towards other clinical studies

- goal: improve homeopathy

- means:

1-to improve quality of clinical cases

2-to enhance publication of good clinical cases

3-bank of data of quality available to e homeopathic community

SC - PROVINGS

CONCLUSSIONS

Collection of cases of quality is a priority in order to verify the symptoms of provings

SC-PHARMACY : conclussion

The collection of cases of quality is a priority in order to document the need and the usefulness of homeopathic remedies in risc of exclussion*

* Due to difficulties on registration or being "orphan remedies"

Leaving the confort zone
